Finance + Audit Committee Report BH.04.OCT1426.R07

October 14, 2026

Report to:	Finance + Audit Committee, Board of Health
Subject	**Second Quarter Financials**

Recommendations

That the Finance + Audit Committee makes recommendation to the Board of Health to receive the Second Quarter Financials report, as presented, for information

Background

Wellington-Dufferin-Guelph (WDG) Public Health produces quarterly financial reports for Board of Health (BOH) approval. The figures in these reports are presented on the basis which they are reported to the Ministry of Health, which differs from the financial statements that are reported under Public Sector Accounting Standards.

The Agency's main budget consists of the sub-budgets numbered (1) through (6) below. In addition to the main budget, WDG Public Health receives community grants for projects which are aligned with, and build upon, the work of WDG Public Health in the community. The community grants are numbered (7) through (10).

The Agency's cost-shared budget comprises approximately 86% of the overall budget. This funding is provided on a 61-39 split basis between the Ministry of Health (the "Ministry") and the three Municipalities served by WDG Public Health. Appendix 1 provides details of the financial activities that relate to these budgets for BOH review.

No.	Program/Budget Name	Funder(s)	Year-end

Cost-Shared Mandatory Programs

1	Cost-Shared Mandatory Programs	Ministry; City of Guelph; County of Wellington; County of Dufferin	December 31

100% Provincially Funded Sub-budgets

2	MOH/AMOH Compensation Initiative	Ministry of Health	December 31
3	Ontario Seniors Dental Care Program (OSDCP)	Ministry of Health	December 31
4	Healthy Babies Healthy Children	Ministry of Children, Community and Social Services (MCCSS)	March 31
5	Infection Prevention and Control (IPAC) Hub	Ministry of Health	March 31
6	Public Health Inspector Practicum Program	Ministry of Health	March 31

External Projects

7	Solutions to Increase Youth Human Papillomavirus (HPV) Immunization in Canada Project	University of Saskatchewan (Urban Public Health Network (UPHN))	October 31
8	Models of Care Innovation Fund	Ontario Health	March 31
9	From Misinformation to Motivation: Empowering Youth Vaccine Champions in Wellington-Dufferin-Guelph	Public Health Ontario (Sheela Basrur Centre (SBC) Grant)	September 30
10	Quality Improvement Education Sessions	Public Health Ontario	June 30

The 2026 Budget that was approved by the BOH on November 5, 2025, included sub-budgets (1), (2), and (3) above. These sub-budgets were submitted to the Ministry through the Annual Service Plan and Budget Submission that was sent to the Ministry in March 2026.

The provincial funding approval letter from the Ministry was received on March 26, 2026 for sub-budgets (1), (2), and (3) above.

Public Health and/or Financial Implications

Appendix 1: Cost-Shared Mandatory Programs (1)

Cost-Shared Mandatory Programs are the public health programs and services that are funded by the Ministry and the three obligated municipalities under Regulation 553 of the Health Protection and Promotion Act (HPPA): the County of Wellington, the County of Dufferin, and the City of Guelph. Boards of health are responsible for allocating this funding to meet the requirements of the HPPA, the Ontario Public Health Standards (OPHS) and Protocols, and the Accountability Framework, according to local needs and priorities.

Appendix 1 (Cost-shared Mandatory Programs)

This table summarizes the statement of revenue and expenses for the six months ending June 30, 2026, for the Cost-Shared Mandatory Programs.

As reported in Appendix 1 (Statement of Revenue and Expenses), there is a surplus of $1,126,150 for the six months ending June 30, 2026.

At the time of this report, the surplus is primarily attributable to the timing of expenses throughout the year. As a result, the second quarter surplus is considered temporary and is expected to decrease as planned expenses are incurred.

Appendix 2: All Other Programs (2 to 10)

Appendix 2 *presents the funding received and expenditures made for the period for all other ongoing programs/initiatives at WDG Public Health. For these programs funding is recorded as it is received (on a cash basis) throughout the year. Accruals and deferrals are made as required only at year-end. The timing of receipt of funding may not correspond to the planned expenditures for that funding.*

MOH/AMOH Compensation Initiative – Funding is provided by the Province to subsidize the salary/benefits/stipends for the Medical Officer of Health and Associate Medical Officer of Health and to ensure that compensation for these positions falls within the salary ranges initially established in the 2008 Physician Services Agreement and continued under subsequent agreements.[1]

Ontario Seniors Dental Care Program – Funded by the Ministry of Health, this program was announced by the government in the April 2019 Ontario Budget to provide low-income seniors (over 65 years of age) with a no-cost (or very low cost) alternative for dental care in Ontario.

Healthy Babies Healthy Children – The MCCSS provides funding for this program with the goal of helping children get a healthy start in life. The program does this by helping infants and children up to age six and their families through screening and assessments, supports for new parents and help in finding community programs and resources.[2] This funding has a fiscal year of April 1 to March 31.

Infection Prevention and Control Hub – Funding to support the continued operation of the Waterloo-Wellington IPAC Hub Program to enhance infection prevention and control practices in community based congregate living settings/sites. This funding has a fiscal year of April 1 to March 31.

Public Health Inspector Practicum Program – One-time funding provided by the Ministry of Health to support the hiring of Public Health Inspector Practicum positions. This funding has a fiscal year of April 1 to March 31.

External Projects – Various other projects are funded by other government or community partners including Public Health Ontario, the University of Saskatchewan, and Ontario Health. The work undertaken with this funding aligns with the mandate of WDG Public Health under the OPHS.
