

Finance + Audit Committee Report BH.04.OCT0224.R07

October 2, 2024

Report to: Finance + Audit Committee, Board of Health

Subject 2024 Second Quarter Financials

Recommendations

That the Finance + Audit Committee makes recommendation to the Board of Health to receive the 2024 Second Quarter Financials report, as presented, for information.

Background

Wellington-Dufferin-Guelph (WDG) Public Health's annual budget consists of several sub-budgets that are based on the way funding is provided to the Agency. These sub-budgets have been numbered in the report that follows, and the numbering sequence is used consistently throughout.

The Agency's main budget consists of the sub-budgets numbered (1) through (7) below. In addition to the main budget, WDG Public Health receives community grants for projects which are aligned with, and build upon, the work of WDG Public Health in the community. The community grant is numbered (8).

The Agency's cost-shared budget comprises approximately 85% of the overall budget. This funding is provided on a 62-38 split basis between the Ministry of Health (the "Ministry") and the three Municipalities served by WDG Public Health. Appendix 1 provides details of the financial activities that relate to these budgets for Board of Health (BOH) review.

The 2024 Budget that was approved by the BOH on November 1, 2023, included sub-budgets (1), (2) and (3) above. These sub-budgets were submitted to the Ministry through the Annual Service Plan and Budget Submission that was sent to the Ministry on April 2, 2024.

The provincial funding approval letter from the Ministry was received on June 21, 2024.

Public Health and/or Financial Implications

Appendix 1: Cost-Shared Mandatory Programs (1)

Cost-Shared Mandatory Programs are the public health programs and services that are funded by the Ministry and the three obligated municipalities under Regulation 553 of the Health Protection and Promotion Act (HPPA): the County of Wellington, the County of Dufferin, and the City of Guelph. Boards of health are responsible for allocating this funding to meet the requirements of the HPPA, the Ontario Public Health Standards (OPHS) and Protocols, and the Accountability Framework, according to local needs and priorities.

Appendix 1 (Cost-shared Mandatory Programs)

This table summarizes the statement of revenue and expenses for the six months ended June 30, 2024, for the Cost-Shared Mandatory Programs.

As reported on the attached Statement of Revenue and Expenditures (Appendix 1), there is a positive variance of approximately \$93K of annual budgeted spending for the first six months of the year. This surplus is primarily the result of reserve funds withdrawn for audio visual upgrades which are expected to be completed in the third quarter.

Appendix 2: All Other Programs (2 – 8)

Appendix 2 presents the funding received and expenditures made for the period for all other ongoing programs/initiatives at WDG Public Health. For these programs, funding is recorded as it is received (on a cash basis) throughout the year. Accruals and deferrals are made as required only at year-end. The timing of receipt of funding may not correspond to the planned expenditures for that funding.

The funds received for all programs/initiatives are expected to be fully spent at the program fiscal year end, unless otherwise stated. A description of each of the programs on Appendix 2 follows.

MOH/AMOH Compensation Initiative – Funding is provided by the Province to subsidize the salary/benefits/stipends for the Medical Officer of Health and Associate Medical Officer of Health and to ensure that compensation for these positions falls within the salary ranges initially established in the 2008 Physician Services Agreement and continued under subsequent agreements.¹

Ontario Seniors Dental Care Program – Funded by the Ministry of Health, this program was announced by the government in the April 2019 Ontario Budget to provide low-income seniors (over 65 years of age) with a no-cost (or very low cost) alternative for dental care in Ontario.

Healthy Babies Healthy Children – The MCCSS provides funding for this program with the goal of helping children get a healthy start in life. The program does this by helping infants and children up to age six and their families through screening and assessments, supports for new parents and help in finding community programs and resources.² This funding has a fiscal year of April 1 to March 31.

Infection Prevention and Control Hub – Funding to support the continued operation of the Waterloo-Wellington IPAC Hub Program to enhance infection prevention and control practices in community based congregate living settings/sites. This funding has a fiscal year of April 1 to March 31.

COVID-19 Vaccine Program Enhancement – One-time funding provided by the Ministry of Health to support COVID-19 vaccination.

Public Health Inspector Practicum Program – One-time funding provided by the Ministry of Health to support the hiring of Public Health Inspector Practicum positions.

External Projects – Various other projects are funded by other government or community partners, including GREO. The work undertaken with this funding aligns with the mandate of WDG Public Health under the OPHS.
