Ontario Moves to Modified Step Two of the Roadmap to Reopen

The province returned to a modified version of Step Two of the Roadmap to Reopen effective Wednesday, January 5 for at least 21 days (until January 26, 2022), subject to trends in public health and health system indicators. View <u>O. Reg. 263/20</u> for the complete list of measures and conditions that apply to certain businesses, organizations, places and individuals. For more information read the <u>provincial media release</u> and for an overview of current measures, please see the <u>provincial public health measures overview</u>.

Instructions for Positive Cases, High-Risk Contacts and Anyone with Symptoms

The province recently updated its <u>COVID-19 testing and isolation guidelines</u>. Individuals who are experiencing COVID-19 symptoms, have tested positive for COVID-19 or have been identified as a high-risk contact after being exposed to someone who tested positive for COVID-19 can refer to <u>Instructions for Positive Cases and High-Risk Contacts</u> for more information.

Drop-in COVID-19 Vaccine Clinics Open to More Groups

The following groups can drop-in for a COVID-19 vaccine, no appointment needed: children ages 5-11(1st or 2nd dose), and booster doses for adults age 68+, school staff, teachers and bus drivers, child care educators and staff including unlicensed child care providers. A list of open clinic dates, times and locations is available at <u>wdgpublichealth.ca/drop-ins</u>.

Measures at Long-Term Care and Retirement Homes

In response to the evolving Omicron situation, the following <u>temporary measures at long-term</u> <u>care homes</u> went into effect on Thursday, December 30, 2021:

- Access to long-term care homes by general visitors is paused. Designated caregivers may continue to enter long-term care homes.
- Day absences for all residents for social purposes is paused.

The province is also making fourth doses of mRNA vaccines available to residents of long-term care homes, retirement homes, Elder Care Lodges and other congregate care settings if at least

three months, or 84 days, have passed since the third dose. For more information read the provincial media release.

Medical Exemption for COVID-19 Vaccination

Visit the Ontario Ministry of Health Guidance on Medical Exemptions to COVID-19

<u>Vaccination</u> for the list of reasons that may qualify for a medical exemption to COVID-19 vaccination. As of January 10, 2022, a written medical exemption will no longer be accepted to access businesses and organizations that require proof of vaccination. You will be required to show your enhanced vaccination certificate with official QR code. For instructions to obtain your QR code, visit <u>https://wdgpublichealth.ca/medical-exemption-covid-19-vaccination</u>.

COVID-19 Vaccine Guidance and Resources

- <u>COVID-19 Vaccine Storage and Handling Guidance</u> (January 5)
- <u>COVID-19 Vaccination Recommendations for Special Populations</u> (December 31)
- <u>COVID-19 Vaccine Consent Form</u> (December 31)
- <u>Medical Exemptions to COVID-19 Vaccination</u> (December 31)
- <u>COVID-19 Vaccine Third Dose Recommendations</u> (December 17)

Announcements and Changes to Services

- On January 6, the <u>Government of Ontario</u> announced it is accelerating boosters for education and child care staff.
- On December 22, the <u>Government of Ontario</u> announced it is extending its call to arms to businesses, volunteers and retired health professionals to help further boost capacity and get more boosters into arms sooner.
- On December 22, the <u>Government of Ontario</u> announced it is introducing new supports for many of the businesses that are most impacted by public health measures due to COVID-19.
- On December 21, the <u>Government of Ontario</u> announced it is enhancing infection prevention and control measures and helping recruit and retain new staff for retirement homes.
- On December 17, the <u>Government of Ontario</u> announced it is expanding specialized COVID-19 vaccine supports for indigenous communities.
- On December 17, the <u>Government of Canada</u> reinstated the requirement for a pre-arrival negative PCR test result for all travelers leaving the country for less than 72 hours.
