INDEPENDENT AUDITORS' REPORT

To the Members of the Board of Health of Wellington-Dufferin-Guelph Public Health

Opinion

We have audited the financial statements of Wellington Dufferin Guelph Public Health Unit (the Entity), which comprise:

- the statement of financial position as at December 31, 2019
- the statement of operations and accumulated surplus for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2019, and its results of operations and its cash flows year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements

For the Year Ended December 31, 2019

1. Description of business

The Board of Health for the Wellington-Dufferin-Guelph Health Unit (WDGPH) has been created by statute under the Health Protection and Promotion Act (HPPA) and is by statute an autonomous Board of Health. The Board of Health is comprised of municipal members representing each of the obligated municipalities of the County of Wellington (3), the County of Dufferin (2), and the City of Guelph (3) and seven Provincial appointees. As stated in WDGPH's Mission statement, WDGPH uses an innovative approach to deliver evidence-informed programs and services to meet the distinctive needs of our communities.

WDGPH operates programs in accordance with the Ontario Public Health Standards and Protocols as mandated by the Province of Ontario. The Province of Ontario mandates that WDGPH provide programs and services that prevent disease, protect health and promote the well-being of individuals. Additional initiatives are also delivered within Wellington, Dufferin, and Guelph including: Preschool Speech and Language, Canadian Prenatal Nutrition Program, and acting as the host agency for the Poverty Elimination Task Force Guelph-Wellington.

2. Significant Accounting Policies

The financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards (PSAS), and reflect the following policies:

Basis of accounting

- a) The operations reported on in the financial statements reflect the complete operations of WDGPH.
- b) The operations of WDGPH general programs are funded by the Counties of Wellington and Dufferin, the City of Guelph, and the Ontario Ministry of Health. Each year the amount of expenditure is based upon budgeted approvals and is funded accordingly. Funding amounts not received at year-end are recorded as receivable. Funding amounts in excess of actual expenditures incurred during the year are recorded as payable, or as deferred revenue depending on the terms of the funding agreement.

Revenue and expenses are reported on the accrual basis of accounting.

Use of estimates

The preparation of the financial statements in conformity with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Significant estimates used within these financial statements include accrued liabilities and employee benefits payable. Actual results may differ from these estimates.

Revenue recognition

WDGPH receives revenue in the form of government transfers from the Province of Ontario (Ministry of Health and Ministry of Children, Community and Social Services), the Corporation of the County of Wellington, the Corporation of the County of Dufferin, and the Corporation of the City of Guelph. Government transfers are recognized as revenue in the financial statements in the period in which the events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria and/or stipulations have been met, and reasonable estimates of the amount can be made.

Wellington-Dufferin-Guelph Public Health

Notes to the Financial Statements

For the Year Ended December 31, 2019

2. Significant Accounting Policies (continued)

Tangible capital assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to the acquisition, construction, development, or betterment of the asset. The cost, less residual value of the tangible capital assets is amortized on a straight-line basis over their estimated useful lives as follows:

Buildings	30 years
Leasehold improvements	Term of lease
Equipment	5 years
Technology and communication	3 years
Furniture and fixtures	5 years
Parking lot	20 years

One-half of the annual amortization is charged in the year of acquisition and in the year of disposal.

Part-time ONA accumulated sick leave	17,250	15,985
	1,407,899	1,381,378

Sick leave benefits payable

Prior to January 1, 1982, WDGPH's sick leave benefit plan allowed for the accumulation of unused sick leave. If the criteria under the plan were met, employees were entitled to a cash payment based on the salary in effect when they left WDGPH's employment. The balance is reviewed at each year-end using the current salary rates in effect. There has been no accumulation of unused sick leave with entitlement to a cash payment at WDGPH since January 1, 1982.

The liability for sick leave accumulated by eligible employees and accrued prior to January 1, 1982, who meet the eligibility criteria for a payment in cash upon termination amounted to \$NIL (2018 - \$24,136) at the end of the year as all staff for whom this was accrued for as of December 31, 2018 retired during 2019 and the accrued total was paid out in 2019.

Vacation time payable

The provisions of the employee's vacation plan allows for the accumulation of vacation credits for use in future periods. The approximate value of the credits as at December 31, 2019 is \$1,332,398 (2018 - \$1,286,800).

Compensation time payable

Hours earned by employees that are not paid or taken are compensation time. Upon termination of employment, any hours of compensation time that an employee has earned, but not taken, are payable at their wage rate. The approximate value of the time as at December 31, 2019 is \$58,251 (2018 - \$54,457).

Part-time nurses accumulated illness allowance

Permanent part-time nurses who work less than twenty-eight hours per week are not eligible for the short-term disability or long-term disability plans provided to staff working twenty-eight hours per week or more. Instead, these nurses accumulate an illness allowance on a pro rata basis of one and one-half days per month worked in each year. Any unused portion accumulates from year to year. In the event of an illness, a nurse may draw from this accumulated balance to continue to receive their regular daily rate of pay. There is no payout for unused illness allowance. The estimated potential liability for part-time nurses accumulated illness allowance as at December 31, 2019 is \$17,250 (2018 - \$15,985).

Wellington-Dufferin-Guelph Public Health

Notes to the Financial Statements

For the Year Ended December 31, 2019

8. Pension agreements

WDGPH makes contributions to the Ontario Municipal Employees' Retirement System ("OMERS"), which is a multi-employer plan, on behalf of approximately 200 (2018 - 209) members of its staff.

OMERS is a multi-employer plan, therefore, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, WDGPH does not recognize any share of the OMERS pension surplus or deficit. At December 31, 2019 the plan reported a \$3.3 billion actuarial deficit (2018 - \$4.2 billion actuarial deficit).

The plan is a defined benefit plan that specifies the amount of the retirement benefit to be received by the employee based upon length of service and rates of pay.

The amount contributed to OMERS for 2019 was \$1,432,749 (2018 - \$1,426,573)

9. Budget figures

The budgeted figures, which are presented for comparison purposes, are prepared on a cash basis.

10. Commitments and contingencies

WDGPH leases office and clinic space under operating leases. In addition, land has been leased under a long-term operating lease which expires on April 30, 2062. WDGPH also has a small number of long-term commitments under contract. Minimum lease payments and other long-term commitments under contract over the next five years are as follows:

	\$
2020	310,018
2021	310,436
2022	310,866
2023	301,590
2024	302,046
	<hr/> 1,534,956 <hr/>

In the normal course of business, WDGPH is involved in various claims. Though the outcome of these various pending claims as at December 31, 2019 cannot be determined with certainty, WDGPH believes that their outcome will have no significant adverse impact on its financial position, operating results or cash flows.

11. Credit facility

At December 31, 2019 WDGPH had an unsecured line of credit of \$500,000 (2018 - \$500,000) bearing interest at the bank prime rate of 3.95% (2018 - 3.95%), of which all has remained unused at year-end.

Wellington-Dufferin-Guelph Public Health

Notes to the Financial Statements

For the Year Ended December 31, 2019

12. Long-term debt

On December 19, 2012, WDGPH entered into a Financial Agreement with the County of Wellington, the County of Dufferin, and the City of Guelph to finance the cost of building the two new facilities at Chancellors Way, Guelph, and Broadway, Orangeville. The Financial Agreement allowed for quarterly advances of capital by the obligated municipalities to WDGPH beginning in January 2013, until the completion of the new facilities. The total amount of the advances was not to exceed \$24,400,000. Interest is calculated annually, commencing on the 1st day of the month following the date of substantial completion of both facilities. The interest rate is 3.34% per annum, and the term and amortization of the loans is twenty years. Repayment of these loans commenced thirty days following certification by the project's architect of substantial completion of both facilities. The whole or any part of the capital financing under this agreement may be prepaid at any time or times without penalty or bonus.

The total amount borrowed under the loan agreement was \$18,481,487. The amount outstanding as of December 31, 2019 is \$5,587,049. Future principal and interest payments based on the total anticipated advances under this loan agreement are projected to be:

	\$
2020	1,281,624
2021	1,281,624
2022	1,281,624
2023	1,281,624
2024	930,467
	6,056,963
Less: Interest portion	469,914
Long-term debt	5,587,049

The total interest paid on long-term debt in 2019 was \$350,613 (2018 - \$401,497).

13. Comparative information

Certain comparative information has been reclassified to conform with the financial statement presentation adopted in the current year.

14. Municipal Split

WDGPH receives funding for Cost Shared Mandatory and Related programs from the three obligated municipalities under the Health Protection and Promotion Act. The percentage of total municipal funding provided by each of the three obligated municipalities is based on the population of each municipality relative to the total population of Wellington-Dufferin-Guelph, based on the most recent Census. In 2019, the split is based on the 2016 Census (2018 - 2016 Census).

	Population	2016 Census
County of Wellington	90,932	32.0%
County of Dufferin	61,735	21.7%
City of Guelph	131,794	46.3%
