

Program/Service Information Report

2019 Safe Water Program Performance Indicator Summary

2019 Year End

To:	Board of Health
Meeting Date:	February 5, 2020
Report No.:	BH.01.FEB0520.C03
Prepared By:	Shawn Zentner, Manager, Environmental Health
Approved By:	Christopher Beveridge, Director, Health Protection
Submitted By:	Dr. Nicola J. Mercer, MD, MBA, MPH, FRCPC Medical Officer of Health & CEO

Key Points

- The Safe Water program completed all required inspections and responded to all complaints regarding drinking water and recreational water.
- The mapped drinking water data base of private wells in Wellington, Dufferin and Guelph enables follow up with residents with no recent record of well water testing to better target messaging on how to safely manage private wells.

Program Requirements

Compliance with OPHS and Accountability Indicators:

☒ In compliance

☐ Not in compliance. If not in compliance, provide additional information about the variance and how it will be addressed.

Highlights

A data base and map of all private wells in Wellington, Dufferin and Guelph is being created based on the well water survey previously conducted. This enables staff to follow up with residents without recent testing record to better manage their well.

All small drinking water systems and recreational water systems were inspected.

Accountability Indicators:

2019 Safe Water Indicators	2019 Actuals	Comments
Safe Recreational Water Indicators		
# Class A Pools– Annual inspected	48/48 (100%)	12 Class A Year-Round Pools
