

SUBJECT: COVID-19 Vaccine Bulletins
Date: December 3, 2020
Pages: 1
To: All Healthcare Providers
From: Dr. Nicola Mercer, Medical Officer of Health and CEO

The Provincial roll-out of approved COVID-19 vaccines is anticipated to begin over the next few months. Wellington Dufferin Guelph Public Health (WDGPH) is in communication with the Ministry of Health regarding this Provincial plan for approved COVID-19 vaccines. WDGPH will be releasing regular COVID-19 Vaccine Bulletins for healthcare providers via email and will also ensure they are posted under the Healthcare Providers tab on our website.

The purpose of the COVID-19 Vaccine Bulletins is to provide you with the latest information about COVID-19 vaccines that may be applicable to your practice. Due to the ever-changing landscape of vaccine research and distribution it is expected that the information will need to be updated frequently. WDGPH will update this information as it becomes available to us.

WDGPH will email these bulletins directly to healthcare providers that are on our COVID-19 email distribution list.

If you would like to be added to the email distribution list please send your email and healthcare provider designation to Ashley.Harris@wdgpublichealth.ca with a request to be added to the healthcare provider COVID information mailing list and you will receive the bulletins directly to the email provided.

For more information, please contact:
