

Safe Food

Interim Program Report

(January-December) 2015

Manager: Jagjit Singh-Bajwa

Director: Rob Thompson

Division: Health Protection

Summary of Program Requirements (Ontario Public Health Standards, 2008):

Goal:

- To prevent or reduce the burden of food-borne illness.

Assessment and Surveillance

Requirements:

- The board of health shall report Food Safety Program data elements in the accordance with the *Food Safety Protocol, 2015* (or as current).

Operational Roles and Responsibilities

Surveillance and Inspection:

- The board of health shall conduct inspections of all fixed food premises in accordance with the following minimum schedule:
 - Not less than once every four months for high-risk food premises;
 - Not less than once every six months for moderate-risk food premises;
 - Not less than once every 12 months for low-risk food premises; and
 - Seasonal fixed premises that operate for six months or less are to be inspected at least once per year, with subsequent re-inspections as required to address compliance issues or to follow-up on complaints.

Highlights:

High and moderate risk food premises are an Accountability Agreement indicator as defined by the MOHLTC. The MOHLTC has requested that we achieve a 100% completion rate for 2015.
