

Pediatric Pfizer Vaccine Order Form

Order Instructions

1. Your primary care office/pharmacy must be pre-approved and COVax trained.
2. **Initial orders will be filled based on booked appointments only and per week.**
3. Review current inventory and count number of doses in stock.
4. Pediatric Pfizer-BioNTech Vaccine comes in a **10-dose vial** and will need to be diluted – diluent will be provided.
5. Fax this completed form to **519-823-4903**. Include refrigerator temperature logs from the period of time since your last vaccine order.
6. **Primary Care**, if you have any questions about your COVID-19 vaccine order, or allocation, please contact your Vaccine and Medication Administrator:
 Guelph area: 519-822-2715 ext: 4170
 Wellington and Dufferin area: 519-822-2715 ext: 2622
7. **Pharmacies**, please direct any questions about Pediatric Pfizer Ordering to:
 Susanne Dunford, 519-822-2715, ext: 2662 or 519-831-2542
8. All vaccines administered must be entered into COVax. Contact Madison Fach for COVax support: 1-800-265-7293, ext. 4511.
