

The Weekly COVax Dose

WDG Public Health's weekly update on all things COVaxON

Date Issued: Friday, September 3rd, 2021

Purpose: To share information that will improve the COVaxON experience for WDG COVID-19 vaccine clinic staff and community partners.

Important Updates and Information

Dose 3 Reason for Immunization Field

For clients receiving their third dose, their Reason for Immunization field **must** be populated with one of the following options:

1. Person with Priority Health Condition
2. Long Term Care: Resident
3. Retirement Home: Resident
4. Congregate Living: Resident

It is very important that you are always verifying this field, as they may have had a different reason selected at the time of their first or second dose.

The 90% Milestone

We hit an incredible milestone on Tuesday, August 31st in the City of Guelph. In Guelph, 90% of the population has received at least one dose of a COVID-19 vaccine.

Thanks to everyone and their hard work, we were able to end Summer 2021 with this amazing accomplishment!

Training Material

All up-to-date COVax training material can be found at the following link:
